SHREE MINERALS LTD

- The retained area after surrender is 366ha.
- The area retained contains all known mineral resources in the lease.
- All our plans (current & future) for mining at the lease & all associated infrastructure (including waste dumps, tailings dam, processing areas, admin areas etc.) are within the retained area.
- The company has done a partial surrender as a cost reduction measure to reduce the mining lease rental by surrendering the portion of the land that is surplus to its needs & was initially taken within the lease as buffer / contingency.

About Shree Minerals
